Las mamparas de cristal en los interiores se han convertido en una característica imprescindible de los diseñadores de los últimos años y no pasarán de moda en un futuro próximo. Son adecuadas para su uso en diversos espacios y ofrecen grandes oportunidades en el diseño de inmuebles de uso privado y comercial. La presencia de las mamparas de cristal se adapta a cualquier diseño, tanto clásico como moderno, gracias a las posibilidades de los distintos acabados del cristal. En la fabricación de productos con instalación, nuestros gestores y especialistas técnicos coordinan todas las etapas para la ejecución del pedido: "llave en mano": mediciones de la habitación, cálculos, preparación del proyecto, producción y entrega internacional. El montaje es realizado por nuestros profesionales de acuerdo con todas las normas de diseño y las expectativas de los clientes.

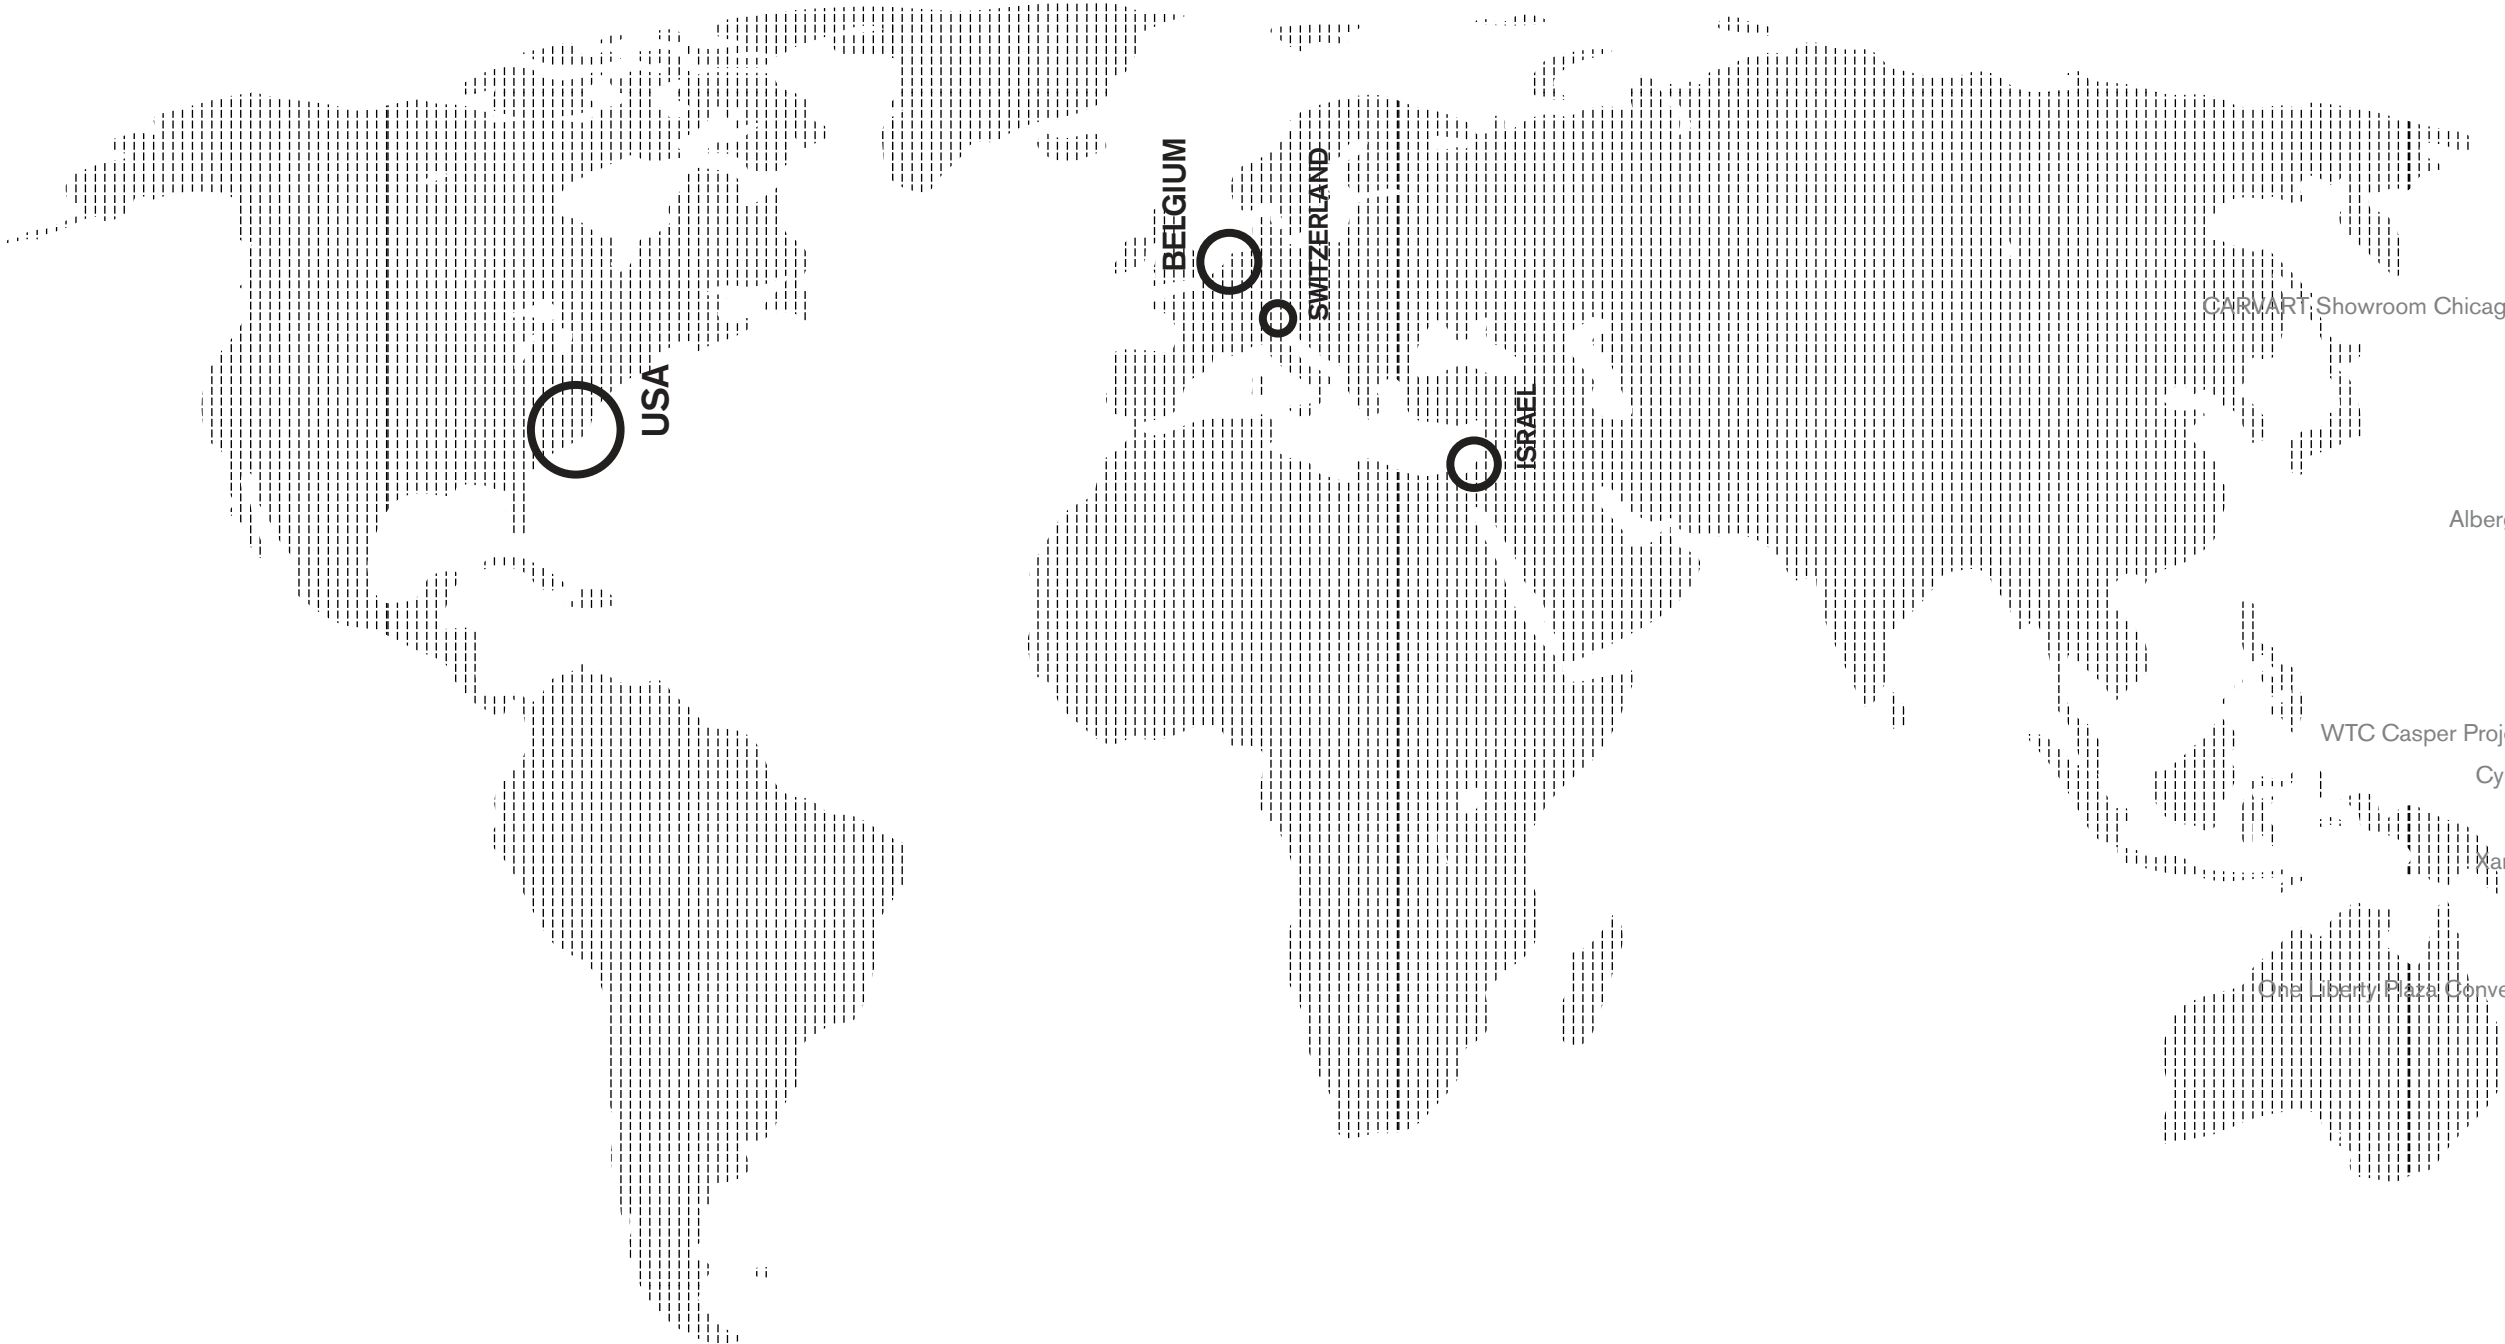

Glastrennwände in Innenräumen sind ein Design-Must-Have der letzten Jahre und werden auch in nächster Zeit nicht aus der Mode kommen! Sie eignen sich für den Einsatz in verschiedensten Umgebungen und bieten großartige Gestaltungsmöglichkeiten von privat und gewerblich genutzten Immobilien. Die Optik der Glastrennwände fügt sich in jedes Design ein - sowohl klassisch als auch modern - dank der verschiedenen erhältlichen Glasausführungen. Bei der Herstellung von Produkten mit Installation koordinieren unsere Manager und technischen Spezialisten alle Phasen für eine komplette Auftragsausführung: Raumvermessung, Berechnungen, Projektvorbereitung, Produktion und internationale Lieferung. Die Montage wird von unseren Fachleuten unter Beachtung aller Konstruktionsregeln und Kundenerwartungen durchgeführt.

Les cloisons vitrées dans les intérieurs sont les incontournables des designers de ces dernières années et elles ne se démoderont pas de sitôt! Elles conviennent à une utilisation dans divers espaces et offrent de grandes opportunités dans la conception d'immeubles à usage tant privé que professionnel. L'apparence des cloisons en verre s'intègre dans n'importe quel design - à la fois classique et moderne grâce aux possibilités des différentes finitions du verre. Lors de la fabrication des produits avec installation, nos responsables et spécialistes techniques coordonnent toutes les étapes d'exécution clé en main de la commande: mesures des pièces, calculs, préparation du projet, production et livraison internationale. Le montage est réalisé par nos professionnels selon toutes les règles de conception et les attentes des clients.

Glass partitions in the interiors are a designer's must-have of the last few years and they will not go out of fashion in the nearest future! They are suitable for use in various spaces and offer great opportunities in the design of real estate used privately and for business. The appearance of glass partitions fits into any design - both classic and modern thanks to the opportunities of the various finishes of the glass. When manufacturing products with installation, our managers and technical specialists coordinate all the stages for turnkey order execution: room measurements, calculations, project preparation, production and international delivery. The assembly is carried out by our professionals according to all the design rules and clients expectations.

Le pareti divisorie in vetro per gli interni sono un must del design degli ultimi anni e non passeranno di moda nel prossimo futuro! Si prestano all'utilizzo in vari ambienti e offrono grandi opportunità nella progettazione di spazi ad uso privato e commerciale. L'estetica delle pareti divisorie in vetro si adatta a qualsiasi progetto, sia classico che moderno, grazie alle opportunità date dalle varie finiture del vetro. Dalla produzione dei prodotti all'installazione, i nostri manager e tecnici specializzati coordinano tutte le fasi di esecuzione per progetti chiavi in mano: rilievo della stanza, calcoli, redazione del progetto, produzione e consegna internazionale. Il montaggio viene eseguito dai nostri professionisti a regola d'arte per soddisfare le aspettative del cliente.
